BOIL WATER ADVISORY LIFTED

TO: GRFN Community Members
FROM: Cody Boissoneau, GRFN Plant Operator
DATE: July 30th, 2020
RE: **Pre-Cautious Boil Water Advisory LIFTED**

In coordination with First Nations and Inuit Health, Garden River First Nation **PRE-CAUTIONARY BOIL WATER ADVISORY (BWA) is now LIFTED as of 12pm today.**

The GRFN Water Department's water residuals have stabilized and indicate that the water quality in the designed areas identified in a previous notices is now safe for consumption.

As a precautionary measure, please run cold water faucets for 10 minutes before consuming water.

Plases share the update with your family and friends who are on not on social media. There will be phone calls made to Elders in the community with the update.

Thank-you for your patience and cooperation. Please feel free to contact me if you have any questions or concerns.
